The value of active minds.

When looking for enduring opportunities, Jupiter's investment managers actively explore the limits of their investment universe.

We have been made aware of several scams which are currently targeting members of the public. One is regarding several companies named JAMBIN, JAMBI Global Investment Education Pvt Ltd, Jupiter Research Institute and Jupiter Asset School which all claim to be affiliated to the Jupiter Group. The second is regarding a company called Jupiter Limited which claims to be affiliated to the Jupiter Asset Management Limited. For information on these and other historic scams, please visit our [Security Alerts](#) page.
