Over the past eight months, our Emerging Talent Program graduates have been immersed across multiple areas of the business, learning, collaborating, and making meaningful contributions along the way.

This week, they wrapped up their journey with a series of impressive final presentations, and we couldn't be prouder! These graduates represent the future of our organization, and it's inspiring to see the passion and fresh thinking they bring to every challenge.

A huge congratulations to this year's cohort, and thank you to the leaders, mentors, and teams who guided and championed them throughout the experience.

Many of our graduates first joined us as interns. Interested in being part of our next cohort? Apply for our Summer Internship here!

Aristocrat continues to set the standard for game design, and the 8th Annual **Eilers & Krejcik Gaming, LLC** Slot Awards were a powerful reflection of that momentum.

In the latest episode of Bonus Round, **Brendan Moore** and **Jared Book** speak with our very own **Daniel Marks**, founder of Gimmie Games and one of the creative leaders behind our award-winning portfolio. Dan shares insights into the development of Spooky Link, winner of Top New Core Video, and explores the design philosophies that have shaped standout titles like Sky Rider and Bao Zhu Zhao Fu.

It's a conversation that highlights not just past achievements, but the innovation driving our future.

Giving back is an important part of how we live our core value of Good Business, Good Citizen, and last week during Aristocrat Together, our global teams put that commitment into action.

This year's theme, ONE for ALL, reflects how inclusive collective action brings our people together to create meaningful impact for each other, for our business, and for the global communities we serve. Across regions, team members volunteered their time and energy to support organizations advancing dignity, literacy, food security, and youth empowerment.

Throughout the week, our teams partnered with incredible community organizations, including:

- [Spread the Word Nevada](#) (Las Vegas and Reno)
- [Project Marilyn, Inc.](#)
- [The Just One Project](#)
- [CHARITY BEGINS AT HOME](#)(UK)
- SETU Foundation (India)
- Mountain View Elementary School (as part of Nevada Reading Week)

Together, these initiatives supported childhood literacy, assembled essential hygiene kits, prepared food deliveries for seniors and families, provided meals to individuals experiencing homelessness, and delivered education and confidence-building sessions for young women and girls.

Thank you to every team member who volunteered, organized, or contributed during Aristocrat Together 2026. Your generosity shows the power of ONE for ALL in action and the positive change we can

create when we come together with purpose.

Employee Impact Groups (EIGs) play an important role in building connection, inclusion, and belonging across Aristocrat.

As part of Aristocrat Together, colleagues around the world connected through EIG showcases and information sessions, learning more about the work these groups do and the communities they support.

Thank you to our EIG leaders and members for creating spaces that bring people together and reflect the spirit of ONE for ALL.

Meaningful conversations are at the center of Aristocrat Together this week, as team members across the globe come together to learn from one another through a series of powerful panel discussions.

Leaders from within our company are sharing their experiences and perspectives on topics ranging from allyship and diverse thinking styles to cultural understanding, community, and lived experience. Their openness and insights show how much we can learn when we listen to each other and create space for every voice.

Thank you to all our panelists for contributing their voices during this inspiring week!

We honor the women who shape, strengthen, and inspire our industry. Our value [#CollectiveBrilliance](#) is the belief that when diverse voices come together, we create better ideas, better experiences, and a better future.

In the gaming industry, women continue to push boundaries, innovate boldly, and redefine what's possible. We're proud to support and empower the talented women who bring their expertise, creativity, and leadership to this space.

Here's to championing equity, elevating more voices, and building an industry where everyone thrives.

It's been a little over a year since our UK team moved into our office at 80 Strand!

To celebrate this anniversary, we held our New Starter Brunch: a chance to welcome fresh faces and connect over a friendly paper airplane challenge!

Later that afternoon, the team bonded over latte art and board games, taking massage breaks, and exploring discounts and delicious treats from our local partners.

Building a community takes time, and this milestone was a perfect reminder of how integral connection is to that journey!

Next week, our global teams are coming together for Aristocrat Together, our global Diversity & Inclusion summit.

Now in its sixth year, Aristocrat Together brings our people together across teams, regions, and business units to connect, learn, and celebrate inclusion. This year's theme, ONE for ALL, reflects our focus on collective action and shared impact — how we show up for one another and work together to strengthen our culture and our business.

Throughout the week, our team members around the world will take part in keynotes, panel discussions, Employee Impact Group showcases, campus activations, and charitable initiatives.

We're looking forward to a meaningful week of connection and conversation!

Each March, we recognize Problem Gambling Awareness Month (PGAM)—led by the [National Council on Problem Gambling](#) (NCPG)—to learn, listen, and talk openly about problem gambling and its impacts.

As a proud Platinum member of the NCPG, we continue to invest in prevention, education, and partnerships that make a meaningful difference. Recent examples of our Empowering Safer Play (ESP) efforts include:

- Renewing multi-year commitments with state councils and treatment organizations across the U.S., as well as the Dr. Robert Hunter International Problem Gambling Center and Oakdene House in Sydney.
- Advancing our research partnership with the [International Center For Responsible Gaming](#) (ICRG), now in its second year, supporting a clinical trial focused on improving treatment outcomes.
- Hosting counselor education sessions in Sydney to provide practical insight into machine design and address common misconceptions.

If you or someone you know may be struggling with gambling-related harm, free and confidential help is available 24/7:
