Search products & brands

- All factories that produce our own brand apparel and general merchandise finished products.
- Processing facilities used by our suppliers in the production of our own brand clothing, towel and bedding ranges.

The factory list is updated every six months and was last updated in November 2025. We also contribute to the Open Supply Hub and our factory list can be located

Please note that Kmart does not own or operate these factories and u-outfit this data is derived from our suppliers and third-party assessment. Any party wishing to visit a factory should contact the factory directly for permission, and respect local laws and customs around privacy and site access.

All final factories listed have been independently audited in the past 24 months. Our processing facility list draws on the latest information shared by suppliers and in accordance with our Ethical Sourcing Transparency Policy.

*When we use the term ‘own brand’ we mean the brands we own, which excludes the brands owned by other companies, such as licensed and international brands. Own brand products account for the most significant part of our apparel supply chain.
