MESSAGE FROM THE CHAIRMAN

"2014 was a year in which the global economy continued to recover, although not all countries did so at the same pace."

"The difficulties faced by the Company in recent years have not prevented us from solidifying and confirming our business model, and that encourages us to look to the future with confidence and assurance"

ACCIONA AROUND THE WORLD

ACCIONA, spread across 65 countries in all five continents, has strengthened its international presence in 2014.

Proof of this are the major contracts awarded, most notably the Sydney Light Rail in Australia, the biggest railway project in Norway (Follo Line Project), a photovoltaic plant in Sishen, South Africa, or AW3000 wind turbine orders for 915 MW in countries like Brazil and Mexico, among others.
